ZONE 1 TERMLY UPDATE

TERM2

Nursery Rhyme Week

Nursery Rhyme week brought delightful tunes to the zone as classes joined together to sing and perform rhymes together. This linked in nicely with Michael Rosen Day where many classes wrote collective poems in the style of Michael Rosen and others wrote their own versions of Michael Rosen stories.

Understanding the World Day

Understanding the World Curriculum Day brought some wonderful activities to the zone with the overall theme of 'Fire and Ice'. Classes encountered snow storms and built volcanoes which erupted magnificently. A day of creative interactive sessions were organised and there was something for everyone to get involved in.

School Council

We have launched our new School Council with a team ready to bring fresh ideas to the school. They are being championed by Sophie Burgess-Adams who was delighted with the first meeting and the enthusiasm of the attendees. They will now feed their ideas to counsellors from the other zones so watch this space to see what they bring.

We wish you all a very Merry and peaceful Christmas and an even better New Year 2026.

See you on January 5th

World Mental Health Day

We participated in a range of activities for World Mental Health Day including wearing Odd Socks. Pupils completes lessons learning about how to manage their own mental health and the range of services that could be available for support.

Pantomime

Zone 1 were lucky to receive 2 pantomimes into school . Specialist classes & EYFS saw a production of Jack and The Beanstem and the rest of the zone watched a lively production of Beauty and the Beast. These experiences provide fantastic Cultural Capital opportunities for the pupils and they thoroughly enjoyed the pantomime magic.

Additional learning opportunities

This term we have seen an exciting addition to our lunchtime club provision with a Dance club. We have also introduced Friday Karaoke sessions for all which are extremely popular.

EYFS classes, Margate and Bahamas have been to Beacon Wood for outdoor learning this term which has been a positive learning experience for all.

Austria class have begun regular visits to our Beacon Plus café to develop their life skills and communication. Another fantastic Cultural Capital offer.
