ZONE 1 TERMLY UPDATE

THE BEACON WALMER

Curriculum Highlights

National Careers Week

The pupils had a very exciting week learning about different careers. We had a whole host of visitors to the school including the Police, the Fire Service, a STEM ambassador, train driver, florist and film producer. This included some of our very own talented members of staff. The children had much fun, trying on uniforms, talking about the careers and looking inside the fire engines and testing the police sirens!

Communication Day

All of our pupils took part in our Communication Day. During the day, the children participated in a variety of activities, including a visiting author, singing workshop, sensory stories and a very special reading garden. The day was an opportunity for children to immerse themselves in the world of literature, language and communication.

Parent Training

This term, we have delivered maths training for parents, which was a great success. Please keep an eye on Arbor for further opportunities for parent training next term. If you have any suggestions for parent training, please let the office know.

Have a relaxing and chocolate filled Easter holidays. Thank you for your continued support.

Holi—Within our Understanding the World curriculum strand, our pupils learn about other cultures and religions. This year, we again celebrated Holi, the Hindu 'Festival of Colours.' Our children were able to participate in the fun, with lots of coloured paint and multicoloured clothes.

Musical stars of the future

Our Year 7 pupils took part in a KSENT schools production of 'Intergalactic Emergency'. This was a group performance with other local special schools performed to a live audience. Our pupils did The Beacon proud and it was a massive achievement for them all. Well done Canterbury

Next Term

Next term we have Mental Health Week, Number Day, Race for Life, visit to Glendale and lots more exciting opportunities to learn in the classrooms. Don't forget the Bank Holiday Monday!
