ZONE 1 TERMLY UPDATE

THE BEACON WALMER

Curriculum Highlights

Ripplevale friends

The pupils of River class had a wonderful time making new friends with pupils from Ripplevale school. They took part in a variety of team games, including Pac Man, hurling, basketball and cricket. This event helped enhance their social skills and developed their ability to work as a team. We hope this is a relationship that will continue to flourish.

Number Day

All of our pupils took part in our Number Day. During the day, the children participated in a variety of activities, including wiggle cars, giant snakes and ladders, and counting shapes around the school. The day was an opportunity for children to immerse themselves in the world of number, patterns and problem solving.

Mental Health Week

Week beginning 11th May was Mental Health Week, with this year's theme being 'Action.' The adults and the children in school completed action plans to highlight the importance of making small changes to improve mental health. The staff and pupils also took part in Race for Life. It was wonderful to see so many staff and pupils running around the field, enjoying the physical exercise and sunshine.

ELeaders— A group of pupils from KS4 and KS5 came over from our Folkestone site to talk to our pupils in Eythorne and Canterbury class. They discussed the Zones of Regulation and how to stay safe online and when gaming. Our younger pupils participated well and asked lots of questions.

Izzy— We were very lucky this term to have a visit from Izzy, the therapy dog. Izzy is specially trained to carry out interventions with pupils, but for her first visit this term, she went to classrooms to say hello to everyone. All the children and staff were very excited and are already looking forward to her next visit.

Next Term

Term 6 is our busiest term with lots going on. There will be our annual parent picnic and sports afternoon, achievements celebration, transition day and parents evening.
