

Term 1 – Learning in Panama

Communication:

This term in Panama for communication we will be using the talk for writing scheme with our book Handa's Surprise.

Number:

This term in number we will be following the maths for life scheme. We will be exploring numbers and developing our 1:1 correspondence when counting.

Understanding the World:

Our themed learning topic this term is 'Panama'.

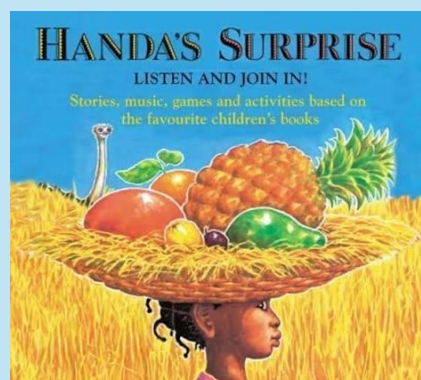

During our science lessons we will be looking at living things and different habitats. In art we will be using different materials to create art pieces inspired by Panama. For our Geography lessons we are going to investigate the location of Panama and why people may want to visit. In music we will be exploring the rhythm of music from Panama.

Healthy Lifestyles:

In citizenship we are developing our knowledge of 'self-awareness' and why is it great being me!

Our PE focus this term is Dance inspired by Panama music!

In Food tech we are learning about healthy eating habits and creating food inspired by Panama.

Digital Technology:

In computing we will be focusing on programming using 'Beebots'. We will be developing our direction skills to programme the 'Beebot' to travel a desired route.
