Staff ICT  
Acceptable Use  
Policy

## Staff ICT Acceptable Use Policy

***As a professional organisation with responsibility for children's safeguarding it is important that all staff take all possible and necessary measures to protect data and information systems from infection, unauthorised access, damage, loss, abuse and theft. All members of staff have a responsibility to use the school's computer system in a professional, lawful, and ethical manner. To ensure that members of staff are fully aware of their professional responsibilities when using Information Communication Technology and the school systems, they are asked to read and sign this Acceptable Use Policy.***

**This is not an exhaustive list and all members of staff are reminded that ICT use should be consistent with the school ethos, other appropriate policies and the Law.**

- I understand that Information Systems and ICT include networks, data and data storage, online and offline communication technologies and access devices. Examples include mobile phones, PDAs, digital cameras, email and social media sites
- School owned information systems must be used appropriately. I understand that the Computer Misuse Act 1990 makes the following criminal offences: to gain unauthorised access to computer material; to gain unauthorised access to computer material with intent to commit or facilitate commission of further offences or to modify computer material without authorisation
- I understand that any hardware and software provided by my workplace for staff use can only be used by members of staff and only for educational use. To prevent unauthorised access to systems or personal data, I will not leave any information system unattended without first logging out or locking my login as appropriate
- I will respect system security and I will not disclose any password or security information. I will use a 'strong' password (A strong password has numbers, letters and symbols, with 8 or more characters, does not contain a dictionary word and is only used on one system)
- I will not attempt to install any purchased or downloaded software, including browser toolbars, or hardware without permission from the system manager
- I will ensure that any personal data of pupils, staff or parents/carers is kept in accordance with the Data Protection Act 1988. This means that all personal data will be obtained and processed fairly and lawfully, only kept for specific purposes, held no longer than necessary and will be kept private and secure with appropriate security measures in place, whether used in the workplace, hosted online (only within countries or sites with suitable data protection controls) or accessed remotely. Any data which is being removed from the school site (such as via email or on memory sticks or CDs) will be encrypted by a method approved by the school. Any images or videos of pupils will only be used as stated in the school image use policy and will always take into account parental consent
- I will not keep professional documents which contain school-related sensitive or personal information (including images, files, videos etc.) on any personal devices (such as laptops, digital cameras, mobile phones), unless they are secured and encrypted. I will protect the devices in my care from unapproved access or theft

- I will not store any personal information on the school computer system that is unrelated to school activities, such as personal photographs, files or financial information
- I will respect copyright and intellectual property rights
- I have read and understood the school e-Safety policy which covers the requirements for safe ICT use, including using appropriate devices, safe use of social media websites and the supervision of pupils within the classroom and other working spaces
- I will report all incidents of concern regarding children's online safety to the Designated Child Protection Coordinators Mr Jimmy Peters, Mr Ady Young, Ms Claire Lucas and where appropriate curriculum and teach leads Mr Richard Fairhall and Mr Terry Rodgers as soon as possible. I will report any accidental access, receipt of inappropriate materials, filtering breaches or unsuitable websites to the Safeguarding lead or the designated lead for filtering as soon as possible
- I will not attempt to bypass any filtering and/or security systems put in place by the school. If I suspect a computer or system has been damaged or affected by a virus or other malware or if I have lost any school related documents or files, then I will report this to the ICT Support Provider/Team as soon as possible
- My electronic communications with pupils, parents/carers and other professionals will only take place within clear and explicit professional boundaries and will be transparent and open to scrutiny at all times. All communication will take place via school approved communication channels e.g. via a school provided email address or telephone number and not via personal devices or communication channels e.g. personal email, social networking or mobile phones. Any pre-existing relationships or situations that may compromise this will be discussed with the Senior Leadership team
- I will ensure that my online reputation and use of ICT and information systems are compatible with my professional role, whether using school or personal systems. This includes the use of email, text, social media/networking, gaming and any other devices or websites. I will take appropriate steps to protect myself online and will ensure that my use of ICT and internet will not undermine my professional role, interfere with my work duties and will be in accordance with the school AUP and the Law
- I will not create, transmit, display, publish or forward any material that is likely to harass, cause offence, inconvenience or needless anxiety to any other person, or anything which could bring my professional role, the school, or the County Council, into disrepute
- I will promote online safety with the pupils in my care and will help them to develop a responsible attitude to safety online, system use and to the content they access or create.
- If I have any queries or questions regarding safe and professional practise online either in school or off site, then I will raise them with the Safeguarding Leads or the Head of School and the Executive Head Teacher

- I understand that my use of the school information systems (including any devices provided by the school), school Internet and school email may be monitored and recorded to ensure the safety of children and staff and to ensure policy compliance. This monitoring will be proportionate and will take place in accordance with data protection, privacy and human rights legislation

*The School may exercise its right to monitor the use of information systems, including Internet access and the interception of e-mails in order to monitor compliance with this Acceptable Use Policy and the School's Data Security Policy. Where it believes unauthorised and/or inappropriate use of the schools' information system or unacceptable or inappropriate behaviour may be taking place, the School will invoke its disciplinary procedure. If the School suspects that the system may be being used for criminal purposes or for storing unlawful text, imagery or sound, the matter will be brought to the attention of the relevant law enforcement organisation.*

**I have read and understood and agree to comply with the Staff ICT Acceptable Use Policy.**

### **The Beacon Equality Statement**

The Beacon Folkestone is committed to ensuring equality of opportunity to all pupils, staff and visitors. Our Core Values are at the forefront of everything we do and we ensure all at The Beacon are treated equally regardless of age, disability, race, colour, ethnicity, nationality, religious belief, gender, gender identity, transgender, sexual orientation or marital status.

The Beacon strives to be an all-inclusive environment and is always looking for opportunities to broaden the knowledge and experiences of everyone who is involved with both our services, and the staff and clients of those using the services of our multi-agency hub.

Our aims for this year are to ensure there are more equal opportunities for pupils, staff, their families and the wider community, regardless of their disability and this forms an integral part of our School Improvement Plan.

The aims for 2016-2019 are to build and improve schemes to help bring down barriers for disabled children and young people and to broaden the experience of life both inside and outside the school community for all staff & pupils.
